The hopes, the joys and the sorrows of plain, "homey," God-fearing Americans are not only entertaining but they are also great truths. Nellie Jones (Lillian Gish) is presented as the daughter of a girl beaten to death when her father died, she is left with a girl named Nellie Jones. They are very poor, and to help them, Nellie hires out with a man named Tom. The film is a story of a poor girl, great faith in God, a kind and loyal. Even when she is taken away from her and the family is in danger of being turned out the land they have held for many years, she still pins her faith in the Lord Jesus.

Automobile accidents at highway crossings were on the increase. In the four years and nine months previous to December 31, 1919 there were 221 such accidents. It looks as though everybody and his brother is going to take the "Tiger Minstrels" this week, and if the demand for seats keeps up it will be necessary to have a machine on Saturday. It was intended at the start to have but three performances, Thursday, Friday and Saturday night, but the theatre is available if another one is necessary. The whole loan, he declared, would be repaid next autumn without further borrowing from the United States. Great Britain's decision to repay her half of the loan, Mr. Chamberlain asserted, had already made a pronounced effect on her credit. The Chancellor said that proposed increases in taxation. He said he proposed to revise the postal charge, the rate being raised from two pence for three ounces, an increase of a half penny. Goodrich-Atkins Bout  
Causing Much Interest  
in Local Fight Circles

Advance Sale of Seats for Wednesday's Show  
Has Been Large—First Bout at 8.30

Everything is in readiness for the Soldiers' and Sailors' "boxing show" to be staged at the Grand Opera House on Wednesday night and judging from the advance sale of seats a large crowd will be on hand to see Goodrich and Atkins battle in what promises to be one of the best ten-round bouts around this neck of the woods in some time. With both boys going at top-speed there is no reason why this fight should not surpass the Eber-Tremaine bout of three months ago and looked upon as the best ever seen here. Goodrich is a local favorite and what fighting kick intends to show with him at this time has been pouring into his ears ever since the bout was arranged and the Lacharava scrapper has announced that he will put his best foot forward in order to win via the better route. The rich and Atkins always give satisfaction whenever they meet up, but in this bout the two boys are expected as they are at longitudes and anxiously await the bell that will bring them together.

This Atkins-Goodrich bout is not the only one on the card that promises to be a hair-raiser. Gallagher is with the intention of fighting Garritty and Tiger Smith has promised to step into the ring for a second tilt. The Smith-Brown bout will introduce two new scrappers to local fight fans, but both boys are looking after the former predicts that Smith will be much in demand by local promoters after he has seen him in action. Smith scored a victory over Battling Hay at Galt's one month ago, and with a little more experience, Manager Woods says he will beat all boys in Hamilton at his weight.

Young Ernie and Battling Martin will start the show on its way at 8.30 with a four rounder. The latter promises to supply plenty of comedy. Ernie is looked upon as a real ring comedian and this will be his first opportunity of seeing him in action.

New York, April 19.—George Lee, a Chinese boxer, who has made a big hit out on the far coast, is coming here. He is extremely clever and speaks a wallop. He is managed by Earl Hoffman, a famous promoter, who thinks so well of his chances that he decided to take the

long trip in search of higher prizes than they put up in California. The Oriental scrapper is a bantam and can make the class limit without any trouble. He wants to meet the best of the middle.

Benny Valger and Young Chaney are to meet in Baltimore, on April 20.

Wednesday night at Lorain, O. Jimmy Dunn, the man who developed and brought Johnny Kilbane to the fourth-crown championship, will send Al Miller against the champion in an effort to bring the title back to Jimmy's supervision and incidentally break a little vengeance of Kilbane.

Willie Jackson's next battle will be with Jack Lawler at Jersey City Friday night.

There may be some truth in Johnny Dundee's prediction that Benny Leonard will be a heavier boy when he comes out of Young America. Dundee's declaration that athletes who have lived a long and hard life in East grow heavier and bigger when they go to California appears to be borne out by fact.

Perhaps the most notable case in pugilistic records along this line is that of Young America. The boy later met Terry McGovern and was a little fatter. Then came a fight with California and he gained weight and coincidentally with it came increased boxing power. Dundee's prediction is rapidly in fact that he lost his boxing qualities entirely. He took on flesh and fat and he could take it off and finally gave it up as a bad job.

Instead of starting to train strenuously for his bout with Jack Dempsey, Willie Willard went to California last spring to become a movie star. He was so infatuated with California that he postponed the start of his boxing campaign. In the meantime Willard took on weight rapidly, took on so much of it in fact that he could not get rid of it when he finally came east to Toledo. And he had become so indolent on the coast that he never really trained. Dempsey waited the minute and down to precise weight. Willard, pounds and pounds too heavy when they entered the ring, was the result of Jess' enjoyment in California.

As Benny Leonard is expected three months in California, doing very little of it, it will be interesting to see whether the climate has the same effect on the champion that it had on

Sporting Comment

Walter Shay is not for the Hamilton Baseball Club, word being received this morning from Secretary Farrell that Shay was now the property of the London Club as they were the first to agree to the terms laid down by Shreveport for the services of Shay.

Hamilton is to be honored on Tuesday, May 11th, by a visit from Rev. Father Dunnigan of Flint, Michigan, who will on that day be the guest of the directors of the Hamilton Baseball Club. Father Dunnigan is a warrior, with many decorations for the part he played in the big struggle. He went overseas with the 32nd Division of the A. E. F. and served two years at the front as senior chaplain with the rank of Major and is said to have won over with his boys, gun in hand, being wounded at the battle of Arras. His decorations consist of the Legion of Honor, Croix de Guerre and D.S.C. Father Dunnigan was at one time mayor of LaPorte, Michigan, but since his return from overseas has been in charge of the largest Catholic church in Flint.

Sweden is exhibiting wonderful energy in her preparations for the Olympic games. She intends to make a hard fight and hopes to be able to score the highest number of points next to America, despite the fact that the games will include some typical British events, such as archery, in which Sweden is not complete. These efforts are backed by ample funds of which have been granted by the Swedish Government, while big sums have been granted by private individuals, the estimated amount now available being about 600,000 krona.

The selection of the Swedish field and track athletes has been going on during the winter months and the supervision of all the athletes, the country having been divided into six districts for this purpose. The chief trainer is Ernie Ejerberg, who for many years was the coach of the Irish American Athletic Club in New York. The trial meeting will be held in April and the last parade and last overhauling will take place in Stockholm in July, about a fortnight before the games begin. With Swedish swimmers the preparatory work also has been carried on during the winter, and the majority of good old Swedish swimmers are said to be in fine shape. Besides these, several remarkable new men have been developed.

Sweden has the oldest water play clubs in the world, and now every effort will be made to live up to these traditions at Antwerp. Swedish divers are not only good divers, but also are good swimmers, diving, high diving, fancy diving, etc., but expects to send a very fast lot of men into the races. Some quite remarkable results have already been recorded, and a 100 meters swim in 1.05.25 and 200 meters breast stroke in 2.21 should stir up swimmers all over the world.

National Commission Determined to Suppress Betting

New York, April 19.—The National Commission, acting for the suppression of the gambling business, has started a vigorous campaign against gamblers. A private detective force, headed by the chief of the commission, has been organized to obtain evidence. At the head of it is a Cleveland sleuth who has been in the business for many years. He plans to send his rubber-stamp agents to each city in the big circuit, with instructions to keep certain players under close surveillance.

Cleveland, Ohio, April 19.—"Bill" Love was given his release by Mayor Nathan P. Love, who has been in the business for many years. He plans to send his rubber-stamp agents to each city in the big circuit, with instructions to keep certain players under close surveillance.

Love left for Detroit to-night to see Nathan regarding his ultimate destination.

New York, April 19.—The short derby as a gift in baseball has a short life, though a sure when he received the celebrated ticket of failure at the 1919 season.
